Goldman Sachs Asia Bank Limited, a restricted licence bank

Unaudited Condensed Interim Financial Statements For the six months ended 30 June 2025

General information

Goldman Sachs Asia Bank Limited (the “Company”), a restricted licence bank, is a limited liability company incorporated in Hong Kong on 12 December 2012. The address of its registered office is 68th Floor, Cheung Kong Center, 2 Queen’s Road Central, Hong Kong.

The Company is wholly owned by Goldman Sachs Holdings (Hong Kong) Limited. The ultimate parent company is The Goldman Sachs Group, Inc. (“Group Inc.”), which is incorporated in the State of Delaware, U.S.A. and listed on the New York Stock Exchange.

The Company is a restricted licence bank under the Banking Ordinance in Hong Kong. It is also a registered institution under the Hong Kong Securities and Futures Ordinance.

The Company’s principal activity is to engage in over-the-counter (“OTC”) derivatives. It is also a clearing member of OTC Clearing Hong Kong Limited. This activity is conducted in cooperation with an affiliated company within the Firm, which gives rise to service fee income and expense.

The Company’s activities and results during the interim reporting period

There has been no significant change in the principal activity of the Company since 31 December 2024. The unaudited profit for the six months ended 30 June 2025 was US\$1,791,000, representing a decrease of 21% as compared to the previous interim reporting period. The decrease was mainly driven by the decrease in net interest income due to lower interest rates.

Requirement in connection with publication of financial statements

The financial information relating to the year ended 31 December 2024 that is included in the unaudited condensed interim financial statements for the six months ended 30 June 2025 as comparative information does not constitute the Company’s statutory annual financial statements for the year ended 31 December 2024 but is derived from the audited financial statements for the year ended 31 December 2024. Further information relating to the audited financial statements for the year ended 31 December 2024 required to be disclosed in accordance with section 436 of the Hong Kong Companies Ordinance (Cap.622) is as follows:

As the Company is a private company, the Company is not required to deliver its financial statements to the Registrar of Companies, and has not done so.

The Company’s auditor has reported on the audited financial statements for the year ended 31 December 2024. The auditor’s report was unqualified; did not include a reference to any matters to which the auditor drew attention by way of emphasis without qualifying its report; and did not contain a statement under sections 406(2), 407(2) or (3) of the Hong Kong Companies Ordinance (Cap.622).

**Notes to Unaudited Condensed Interim Financial Statements
For the six months ended 30 June 2025**

1 Basis of preparation

The unaudited condensed interim financial statements of the Company for the six months ended 30 June 2025 have been prepared in accordance with Hong Kong Accounting Standard (“HKAS”) 34 “Interim Financial Reporting”.

The unaudited condensed interim financial statements do not include all the notes of the type normally included in annual financial statements. Accordingly, these statements are to be read in conjunction with the annual financial statements for the year ended 31 December 2024, which have been prepared in accordance with HKFRS Accounting Standards (which term collectively includes Hong Kong Accounting Standards (“HKASs”) and Interpretations) issued by the Hong Kong Institute of Certified Public Accountants.

The accounting policies adopted are consistent with those of the previous financial year and corresponding interim reporting period. There are no HKFRS Accounting Standards which became effective for the current reporting period that would be expected to have a material impact on the Company.

The interim financial information for the half year to 30 June 2025 have been subject to review by the Company's auditor in accordance with HKSRE 2410. Based on the review, nothing came to the auditor's attention that caused them to believe that the interim financial information is not properly prepared in accordance with HKAS 34.

2 Critical accounting estimates and judgements

The preparation of the unaudited condensed interim financial statements requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities, income and expense. Actual results may differ from these estimates.

In preparing the unaudited condensed interim financial statements, the significant judgments made by management in applying the Company's accounting policies and the key sources of estimate uncertainty were the same as those that applied to the financial statements for the year ended 31 December 2024.

Where necessary, comparative figures have been reclassified to conform with the current period's presentation.

8 Fair value estimation

The tables below show financial instruments carried at fair value, by valuation method. The different levels of fair value hierarchy have been defined as follows:

- Level 1** The fair value of financial instruments is based on quoted market prices in active markets for identical assets or liabilities at the balance sheet date. The quoted market price used for financial assets and liabilities is the current bid price and ask price, respectively. These instruments are included in level 1.
- Level 2** The fair value of financial instruments is determined by using valuation techniques which maximise the use of observable market data where it is available. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.
- Level 3** If one or more inputs to valuation techniques are significant and unobservable, the instrument is included in level 3.

Unaudited Interim Disclosure Statement For the six months ended 30 June 2025

1 General information

This disclosure statement is prepared to comply with the relevant provisions of the Banking (Disclosure) Rules made under section 60A of the Banking Ordinance for the period ended 30 June 2025. The disclosure statement is not required to be, and has not been, audited by our independent auditors.

The Company's Unaudited Disclosure Statement is published on its parent company's website as the Company does not maintain a website of its own:

<https://www.goldmansachs.com/disclosures/gsab-disclosures/financial-disclosures.html>

2 Key prudential ratios

The Company is regulated by the Hong Kong Monetary Authority (the "HKMA") and as such is subject to minimum capital and liquidity requirements. The Company computes capital ratios in accordance with the Banking (Capital) Rules (the "BCR") of the Banking Ordinance. In addition, liquidity ratios are computed in accordance with the Banking (Liquidity) Rules (the "BLR") of the Banking Ordinance.

The capital adequacy ratios are measures of regulatory capital to risk-weighted amounts ("RWA"). RWA represent the sum of the Company's exposure to credit risk, CVA risk, market risk and operational risk calculated in accordance with the relevant provisions of the BCR. The Company has been exempted by the HKMA under section 22(1) of the BCR from the calculation of market risk under section 17 of the BCR for 2025.

The Common Equity Tier 1 ("CET1") ratio is defined as CET1 divided by RWA. The Tier 1 capital ratio is defined as Tier 1 capital divided by RWA. The Total capital ratio is defined as total capital divided by RWA.

The leverage ratio ("LR") is defined as Tier 1 capital to a measure of total exposures, defined as the sum of on-balance sheet exposures (after certain Tier 1 capital deductions), certain derivative exposures, securities financing transaction ("SFT") exposures and other off-balance sheet exposures.

The liquidity maintenance ratio ("LMR") is calculated as the arithmetic mean of the average LMRs of the three calendar months within the quarter. The average LMR of each calendar month is the figure reported in MA(BS)1E Return of Liquidity Position submitted to the HKMA.

The Company is a category 2 institution (not designated as a category 2A institution) under the BLR. Hence, the liquidity coverage ratio, net stable funding ratio and core funding ratio are not applicable.

3 Overview of RWA

The Company uses the Standardized (Credit Risk) Approach (“STC Approach”), the Reduced Basic CVA Approach, and the Simplified Standardized Approach (“SSTM Approach”), as set out in the BCR, to calculate its credit risk, CVA risk and market risk respectively. For operational risk, the RWA is calculated based on a single standardized approach methodology.

Using the standard template as specified by the HKMA, the detailed breakdown of the Company’s RWA are set out below.

4 Composition of regulatory capital (continued)

4.1 Template CC1: Composition of regulatory capital (continued)

Note to the Template:

	Description	Hong Kong basis (US\$'000)	Basel III basis (US\$'000)
10	Deferred tax assets (net of associated deferred tax liabilities)	1,073	-
	<p><u>Explanation</u></p> <p>As set out in paragraphs 69 and 87 of the Basel III text issued by the Basel Committee (December 2010), Deferred Tax Assets ("DTAs") of the bank to be realized are to be deducted, whereas DTAs which relate to temporary differences may be given limited recognition in CET1 capital (and hence be excluded from deduction from CET1 capital up to the specified threshold). In Hong Kong, an AI is required to deduct all DTAs in full, irrespective of their origin, from CET1 capital. Therefore, the amount to be deducted as reported in row 10 may be greater than that required under Basel III. The amount reported under the column "Basel III basis" in this box represents the amount reported in row 10 (i.e. the amount reported under the "Hong Kong basis") adjusted by reducing the amount of DTAs to be deducted which relate to temporary differences to the extent not in excess of the 10% threshold set for DTAs arising from temporary differences and the aggregate 15% threshold set for Mortgage Servicing Rights ('MSRs'), DTAs arising from temporary differences and significant investments in CET1 capital instruments issued by financial sector entities (excluding those that are loans, facilities or other credit exposures to connected companies) under Basel III.</p>		

Remarks: The amount of the 10% threshold is calculated based on the amount of CET1 capital determined in accordance with the deduction methods set out in BCR Schedule 4F. The 15% threshold is referring to paragraph 88 of the Basel III text issued by the Basel Committee (December 2010) and has no effect to the Hong Kong regime.

5 Macprudential supervisory measures

Template CCyB1: Geographical distribution of credit exposures used in countercyclical capital buffer ("CCyB")

The geographical allocation of private sector credit exposures to the various jurisdictions is based on "ultimate risk basis". "Ultimate risk basis" means the allocation of exposures to the jurisdictions where the risk ultimately lies, as defined as the location where the "ultimate obligor" resides.

The geographical distribution of private sector credit exposures that are relevant in the calculation of CCyB ratio is set out below.

30 June 2025

	Geographical breakdown by Jurisdiction (J)	Applicable JCCyB ratio in effect (%)	RWA used in computation of CCyB ratio (US\$'000)	AI-specific CCyB ratio (%)	CCyB amount (US\$'000)	Note
1	Hong Kong	0.500%	3,003			(i)
2	United Kingdom	2.000%	21			
3	Sum		3,024			
4	Total		3,024	0.510%	15	

- (i) The increase in RWA used in the computation of CCyB ratio from the previous semi-annual reporting period is mainly due to the increase in amounts due from affiliated companies.
