## Set your standing voting instruction

Goldman Sachs is offering shareholders like you a new and easy way to make your voice heard. Opt in to our new Voting Instruction Program for retail (i.e., individual) shareholders and set a standing voting instruction to vote your shares in accordance with the Goldman Sachs Board's recommendations.

For multiple accounts, you'll get a letter for each. Enroll them each individually to ensure all of your shares are included in the program.

### Why set a standing voting instruction?

- Free and easy way to ensure your shares are voted on important matters
- Vote in accordance with the Board's recommendations (with the option to override for any meeting or proposal)
- Change or cancel/opt out of your voting instruction for future meetings at no cost
- No change to your voting rights, voting choices or the information you receive
- Participation is voluntary

**To activate this free service, simply scan the QR code provided on this letter with your smartphone camera or go to the website provided.**

Thank you for being a valued Goldman Sachs shareholder.
