#### INDEPENDENT AUDITOR'S REPORT

#### To the Members of Goldman Sachs (India) Finance Private Limited

Report on the Audit of the Financial Statements

#### **Opinion**

We have audited the financial statements of **Goldman Sachs (India) Finance Private Limited ("the Company")**, which comprise the Balance Sheet as at March 31, 2022, and the Statement of Profit and Loss, the Statement of Changes in Equity, the Statement of Cash Flows for the year then ended and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Accounting Standards prescribed under section 133 of the Act read with the Companies (Accounting Standards) Rules, 2015 and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2022, and its loss, changes in equity and its cash flows for the year ended on that date.

#### **Basis for Opinion**

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("ICAI") together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the financial statements.

#### Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the Director's report but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we will not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

## Responsibilities of Management and Those charged with Governance for Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate of accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Board of Directors is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the company's financial reporting process.

#### Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor 's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

#### Other Matters

The audit of the financial statements of the Company for the year ended March 31, 2021, was carried out and reported by predecessor auditor M/s. MSKA & Associates, Chartered Accounts, vide their unmodified audit report dated June 17, 2021, whose report has been furnished to us by the Management and which has been relied upon by us for the purpose issuing report.

### Report on Other Legal and Regulatory Requirements

- 1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in " Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
- 2. As required by Section 143(3) of the Act, we report that:
  - a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;
  - b. In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
  - c. The Balance Sheet, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flow dealt with by this Report are in agreement with the books of accounts;
  - d. In our opinion, the aforesaid financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with the Companies (Accounting Standards) Rules, 2015.

- e. On the basis of the written representations received from the directors as on March 31, 2022 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2022 from being appointed as a director in terms of Section 164 (2) of the Act.
- f. With respect to the adequacy of the internal financial controls with reference to financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.
- g. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Amendment Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
  - i. The Company has disclosed the impact of pending litigation on its financial position in its financial statements Refer note 30 and 42 to the financial statements.
  - ii. The Company has made provision, as required under the applicable law or accounting standards, for material foreseeable losses on long-term contract. The Company does not have any derivative contracts Refer note 30 and 42 to the financial statements.
  - iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company for the year ended March 31, 2022.
  - iv. (a) The Management has represented to us that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other persons or entities, including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
    - (b) The Management has represented to us that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been received by the company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries
    - (c) Based on our audit procedure that have been considered reasonable and appropriate in the circumstances, nothing has come to our attention that cause us to believe that the representation given by the management under sub-clauses (i) and (ii) of Rule 11(e), as provided under paragraph (2)(g)(iv)(a) and (b) above, contain any material misstatement.
  - v. The company has not declared or paid any dividend during the year.

3. In our opinion, according to information, explanations given to us, the provisions of Section 197 of the Act and the rules thereunder are not applicable to the Company as it is a private Company.

ANNEXURE A TO INDEPENDENT AUDITOR'S REPORT OF EVEN DATE ON THE FINANCIAL STATEMENTS OF GOLDMAN SACHS (INDIA) FINANCE PRIVATE LIMITED FOR THE YEAR ENDED MARCH 31, 2022

[Referred to in paragraph 1 under ' Report on Other Legal and Regulatory Requirements' in the Independent Auditor's Report]

- i. (a) (A) The Company has maintained proper records showing full particulars including quantitative details and situation of property, plant and equipment.
  - (B) According to the information and explanations given to us, there are no intangible assets, and accordingly, the requirements under paragraph 3(i)(a)(B) of the order are not applicable to the Company.
  - (b) Property, Plant and Equipment have been physically verified during the year by the management, which in our opinion reasonable having regard to the size of the Company and the nature of its assets. No material discrepancies were noticed on such verification.
  - (c) According to the information and explanations given to us, there are no immovable properties, and accordingly, the requirements under paragraph 3(i)(c) of the order are not applicable to the Company.
  - (d) According to the information and explanations given to us, the company has not revalued its property, plant and equipment or intangible assets or both during the year. Accordingly, provisions of the clause 3(i)(d) of the Order is not applicable to the Company.
  - (e) In accordance with the representations made to us by the management, there have not been any proceedings initiated or pending against the company for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (section 45 of 1988) and rules made thereunder.
- ii. (a) The Company is involved in the business of rendering services and it does not hold any physical inventories. Accordingly, provisions of the clause 3(ii)(a) of the Order is not applicable to the Company.
  - (b) The Company has not been sanctioned working capital limits in excess of Rs five crores in aggregate from banks or financial institutions during any point of time of the year on the basis of security of current assets. Accordingly, the requirement to report on clause 3(ii)(b) of the Order is not applicable to the Company.
- iii. (a) According to the information and explanations given to us and based on the audit procedures performed by us, the Company being lending/financing company whose principal business is to give loans and investments in various securities. Accordingly, provisions of the sub-clause (a) of the clause 3(iii) of the Order is not applicable to the company.
  - (b) According to the information and explanations given to us and based on the audit procedures performed by us, we are of the opinion that the investments made, securities given and the terms and conditions of all loans and advances in the nature of loans provided are not prejudicial to the interest of the Company.

- (c) The Company, being a Non-Banking Financial Company ('NBFC'), registered under provisions of RBI Act, 1934 and rules made thereunder, in pursuance of its compliance with provisions of the said Act/Rules, particularly, the Income Recognition, Asset Classification and Provisioning Norms, monitors repayments of principal and payment of interest by its customers as stipulated. In our opinion and according to the information and explanations given to us, in respect of loans and advances in the nature of loans, the schedule of repayment of principal and payment of interest has been stipulated and in cases where repayment of principal and payment of interest is not received as stipulated, the cognizance thereof is taken by the Company in course of its periodic regulatory reporting. Refer notes 6 to the Financial Statements for summarised details of such loans/advances which are not repaid by borrowers as per stipulations. According to the information and explanation made available to us, reasonable steps are taken by the Company for recovery thereof.
- (d) The Company, being a NBFC, registered under provisions of RBI Act, 1934 and rules made thereunder, in pursuance of its compliance with provisions of the said Act/Rules, particularly, the Income Recognition, Asset Classification and Provisioning Norms, monitors and report total amount overdue including principal and/or payment of interest by its customers for more than 90 days. In cases where repayment of principal and payment of interest is not received as stipulated, the cognizance thereof is taken by the Company in course of its periodic regulatory reporting. Refer notes 6 to the Financial Statements for summarised details of such loans/advances which are not repaid by borrowers as per stipulations. According to the information and explanation made available to us, reasonable steps are taken by the Company for recovery thereof.
- (e) According to the information and explanations given to us and based on the audit procedures performed by us, the Company being retail lending/financing company whose principal business is to give loans and investment in various securities. Accordingly, provisions of the sub-clause (e) of the clause 3(iii) of the Order is not applicable to the company.
- (f) The Company has not granted any loans or advances in the nature of loans either repayable on demand or without specifying any terms or period of repayment during the year. Hence, reporting under clause 3(iii)(f) is not applicable.
- iv. The Company is a Non-Banking Finance Company registered with the Reserve Bank of India and engaged in the business of financing. Accordingly, the provisions of Section 185 are not applicable to the Company. In our opinion, and according to the information and explanations provided to us, the Company has complied with provisions of Sections 186 of the Companies Act, 2013 as applicable in respect of loans granted and Investments made.
- v. According to the information and explanations given to us, the Company has not accepted any deposits or amount which are deemed to be deposit from the public and hence the directives issued by the Reserve Bank of India and the provisions of Sections 73 to 76 or any other relevant provisions of the Act and the Companies (Acceptance of Deposit) Rules, 2015 with regard to the deposits accepted from the public are not applicable. Further, according to the information and explanations given to us, no order has been passed by the Company Law Board or the National Company Law Tribunal or the Reserve Bank of India or any Court or any other Tribunal. Accordingly, provisions of the clause 3(v) of the Order is not applicable to the company.

- vi. To the best of our knowledge and according to the information and explanations given to us, the Central Government has not prescribed the maintenance of cost records under section 148(1) of the Act, in respect of the business activities carried on by the Company. Accordingly, provisions of the clause 3(vi) of the Order is not applicable to the Company.
- vii. (a) According to information and explanations given to us and on the basis of our examination of the books of account, and records, the Company is generally regular in depositing undisputed statutory dues including Goods and Services Tax, provident fund, employees' state insurance, income-tax, duty of customs, cess and any other statutory dues, to the extent applicable to the Company, with the appropriate authorities.
  - According to the information and explanations given to us and on the basis of our examination of the records of the Company, no undisputed amounts payable in respect of Goods and Services Tax, Provident fund, Employees' State Insurance, Income-Tax, Duty of Customs, Cess and other statutory dues were in arrears as at March 31, 2022 for a period of more than six months from the date they became payable.
  - (b) According to the information and explanation given to us and examination of records of the Company, the outstanding dues of income-tax, goods and service tax, customs duty, cess and any other statutory dues on account of any dispute, are as follows:

| Name of the statute     | Nature of dues | Amount<br>Rs. In Lakhs | Period to which amount | Forum where dispute is                    |
|-------------------------|----------------|------------------------|------------------------|---|
|                         |                |                        | relates                | pending                                   |
| Income Tax Act, 1961    | Income Tax     | 29                     | FY 2015-16             | Commissioner of Income Tax (Appeal)       |
| Income Tax Act, 1961    | Income Tax     | 164                    | FY 2016-17             | Commissioner of Income Tax (Appeal)       |
| Income Tax Act, 1961    | Income Tax     | 6                      | FY 2014-15             | Income Tax Appellate Tribunal (ITAT)      |
| Income Tax Act,<br>1961 | Income Tax     | 65                     | FY 2017-18             | Commissioner<br>of Income Tax<br>(Appeal) |

- viii. According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not surrendered or disclosed any transactions, previously unrecorded as income in the books of account, in the tax assessments under the Income Tax Act, 1961 as income during the year.
- ix. (a) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not defaulted in the repayment of loans or borrowings or in the payment of interest thereon to any lender.
  - (b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not been declared a wilful defaulter by any bank or financial institution or government or government authority.
  - (c) The Company has not taken any term loan during the year and there are no outstanding term loans at the beginning of the year and hence, reporting under clause 3(ix)(c) of the Order is not applicable.
  - (d) According to the information and explanations given to us and on an overall examination

of the balance sheet of the Company, we report that no funds raised on short-term basis have been used for long-term purposes by the Company.

- (e) According to the information and explanation given to us by the management and examination of the records of the Company, the Company does not have any subsidiaries, joint ventures or associate companies. Hence, the question of raising any funds from any entity or person on account of or to meet the obligations of its subsidiaries, associates or joint ventures does not arise. Accordingly, provisions of the clause 3(ix)(e) of the Order is not applicable to the Company.
- (f) According to the information and explanations given to us by the management and examination of the records of the Company, the Company does not have subsidiaries, joint ventures or associate companies (as defined under the Act). Hence, the question of raising loan during the year against the pledge of securities held in subsidiaries, joint ventures or associate companies does not arise. Accordingly, provisions of the clause 3(ix)(f) of the Order is not applicable to the Company.
- x. (a) According to the information and explanations provided to us by the management and examination of records of the Company, we are of the opinion that the Company has not raised any money by way of initial public offer or further public offer (including debt instruments) during the year. Accordingly, provisions of the clause 3(x)(a) of the Order is not applicable to the Company.
  - (b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not made preferential allotment or private placement of shares or fully or partly convertible debentures during the year. Accordingly, provisions of the clause 3(x)(b) of the Order is not applicable to the Company.
- xi. (a) Based on examination of the books and records of the Company and according to the information and explanations given to us, considering the principles of materiality outlined in the Standards on Auditing, we report that no fraud by the Company or on the Company has been noticed or reported during the course of the audit.
  - (b) According to the information and explanations given to us, no report under sub-section (12) of Section 143 of the Act has been filed by the auditors in Form ADT-4 as prescribed under Rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government.
  - (c) According to the information and explanations given to us by the management, the whistle blower mechanism under section 177(9) of the Act is not applicable to the Company.
- xii. According to the information and explanations given to us, the Company is not a Nidhi Company. Accordingly, provision of the clause 3(xii) of the Order is not applicable to the Company.
- xiii. During the previous financial year 2020-21, the Company had entered into a transaction with Goldman Sachs India AIF Scheme 1 (the "Fund"), which is managed by its Investment Manager and Sponsor Goldman Sachs (India) Alternative Investment Management Private Limited ("GSIAIMPL"). As there were common directors on the Boards of GSIAIMPL and the Company; requisite approvals from the Audit Committee, Board and shareholders were obtained under section 188 read with Rule 15 of Companies (Meetings of Board and its Powers) Rules, 2014. The details of related party transactions have been disclosed in the financial statements as required under Indian Accounting Standard (Ind AS) 24, Related Party

Disclosures specified under Section 133 of the Act.

- xiv. (a) In our opinion and based on our examination, the Company has an internal audit system commensurate with the size and nature of its business.
  - (b) We have considered, during the course of our audit, the reports of the Internal Auditor's for the period under audit, issued to the Company during the year till date, in determining the nature, timing and extent of our audit procedures in accordance with the guidance provided in SA 610 "Using the work of Internal Auditors".
- xv. According to the information and explanations given to us and based on our examination of the records of the Company, the Company has not entered into non-cash transactions with directors or persons connected with him. Accordingly, provisions stated in paragraph 3(xv) of the Order are not applicable to the Company.
- xvi. (a) The Company is required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934 and the Company has obtained the required registration
  - (b) The Company is not a Core Investment Company (CIC) as defined in the regulations made by the Reserve Bank of India. Accordingly, provision of the clause 3(xvi)(c) of the Order is not applicable.
  - (c) According to the information and explanations provided to us during the course of audit, the Group does not have any CICs. Accordingly, provision of the clause 3(xvi)(d) of the Order is not applicable.
- xvii. Based on the examination of the records of the Company we report that the company has incurred cash losses of Rs. 2,244 lakhs in the current year but has not incurred any cash losses in the immediately preceding financial year.
- xviii In accordance with the 'Guidelines for Appointment of Statutory Central Auditors (SCAs)/Statutory Auditors (SAs) of Commercial Banks (excluding RRBs), UCBs and NBFCs (including HFCs)' issued by RBI vide DoS.CO.ARG/SEC.01/08.91.001/2021-22 dated 27/04/2021, the previous auditors have resigned from the Company during the year. We have obtained the resignation letter submitted by the previous auditor to the management of the Company and noted that there have been no adverse remarks given by the previous auditor in the resignation letter. Further, we have also obtained a no objection certificate from the previous auditors and in that letter also no issues, objections or concerns raised by the outgoing auditor of the Company.
- xix. According to the information and explanations given to us and on the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, other information accompanying the standalone financial statements, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that the Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.
- xx. According to the information and explanations given to us, the provisions of section 135 of the

Act are applicable to the Company. The company has transferred the amount remaining unspent in respect of other than ongoing projects, to a Fund specified in Schedule VII to the Companies Act, 2013 on April 11, 2022..

xxi. The Company is not required to prepare the Consolidated Financial Statement. Accordingly, provisions of the Clause 3(xxi) of the Order is not applicable to the company.

# ANNEXURE B TO THE INDEPENDENT AUDITOR'S REPORT OF EVEN DATE ON THE FINANCIAL STATEMENTS OF GOLDMAN SACHS (INDIA) FINANCE PRIVATE LIMITED

[Referred to in paragraph 2(f) under 'Report on Other Legal and Regulatory Requirements' in the Independent Auditor's Report of even date to the Members of Goldman Sachs (India) Finance Private Limited on the Financial Statements for the year ended March 31, 2022]

# Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls with reference to financial statements of Goldman Sachs (India) Finance Private Limited ("the Company") as of March 31, 2022 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

## **Management's Responsibility for Internal Financial Controls**

The Company's Management is responsible for establishing and maintaining internal financial controls based on the internal control with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI) (the "Guidance Note"). These responsibilities include the design, implementation and maintenance of internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

## **Auditor's Responsibility**

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether internal financial controls with reference to financial statements were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to financial statements.

## Meaning of Internal Financial Controls with reference to Financial Statements

A Company's internal financial control with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

#### Inherent Limitations of Internal Financial Controls with reference to financial statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial control with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

#### **Opinion**

In our opinion, the Company has, in all material respects, adequate internal financial controls with reference to financial statements and such internal financial controls with reference to financial statements were operating effectively as at March 31, 2022, based on the internal control with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note.

#### NOTES TO THE FINANCIAL STATEMENTS

(Amounts in lakhs of Indian Rupees, unless otherwise stated)

#### 1 Background

Goldman Sachs (India) Finance Private Limited is a Non-Deposit taking Systemically Important Non Banking Finance Company (NBFC). The Company is domiciled in India with its registered office in Mumbai, Maharashtra. Pursuant to obtaining approval from the Foreign Investment Promotion Board (FIPB), the Goldman Sachs (GS) Group through Goldman Sachs (Mauritius) NBFC L.L.C and its affiliates obtained a 100% stake in Pratham Investments and Trading Private Limited in May 2008. The name of the Company was changed to Goldman Sachs (India) Finance Private Limited on June 16, 2009 pursuant to receipt of necessary approvals.

The Company is engaged in the business of financing and investing in debentures, certificate of deposits, commercial paper and certain other instruments.

The financial statements for the year ended March 31, 2022 are approved by the Company's Board of Directors on June 24, 2022.

#### 2 Summary of Significant Accounting Policies

#### (i) Basis of preparation of Financial Statements

The financial statements comply in all material aspects with Ind AS notified under Section 133 of the Companies Act, 2013 [Companies (Indian Accounting Standards) Rules, 2015 as amended from time to time.

The financial statements have been prepared on a historical cost basis, except for the following assets and liabilities which have been measured at fair value:

- Derivative financial instruments, investments held for trading and financial assets and liabilities designated at fair value through profit or loss (FVTPL), all of which have been measured at fair value.
- The defined benefit liability is recognised as the present value of defined benefit obligation less fair value of plan assets.

The financial statements are presented in Indian Rupees (INR) and all values are rounded to the nearest lakhs, except when otherwise indicated.

#### (ii) Use of estimates

The preparation of financial statements requires the use of accounting estimates which, by definition, will seldom equal the actual results. Management also needs to exercise judgement in applying accounting policies. Estimates and judgements are continually evaluated. They are based on historical experience and other factors, including expectations of future events that may have a financial impact on the Company and that are believed to be reasonable under the circumstances.

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below.

#### Fair value of financial instruments

The fair value of financial instruments is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction in the principal (or most advantageous) market at the measurement date under current market conditions (i.e., an exit price) regardless of whether that price is directly observable or estimated using another valuation technique. When the fair values of financial assets and financial liabilities cannot be derived from active markets, they are determined using a variety of valuation techniques that include the use of valuation models. The inputs to these models are taken from observable markets where possible, but where this is not feasible, estimation is required in establishing fair values. Judgements and estimates include considerations of liquidity and model inputs related to items such as credit risk (both own and counterparty), funding value adjustments, correlation and volatility. For further details about determination of fair value please see Note 37.

#### Impairment of financial asset

The allowance for impairment (see Note 35) is determined by an ECL model internally developed to meet the impairment requirements of Ind AS 109. The measurement of ECL for financial assets classified at amortised cost requires the use of a complex model and significant assumptions about future economic conditions and credit behaviour. Significant judgements are also required in applying the accounting requirements for measuring ECL including determining criteria for significant increases in credit risk and establishing the number and weighting of forward looking scenarios.

**Defined Benefit Obligations** - Refer Note no. 2 (xi) and Note 33 **Compound Financial Instrument** - Refer Note no. 2 (v)

#### NOTES TO THE FINANCIAL STATEMENTS

(Amounts in lakhs of Indian Rupees, unless otherwise stated)

#### (iii) Property, Plant and Equipment - Tangible assets

Tangible Assets are stated at their original cost, of acquisition and subsequent improvements thereto including non-refundable taxes and duties, freight and other incidental expenses related to acquisition and installation of the assets concerned.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably.

Tangible Assets are capitalised in the month in which they are ready for its intended use and are depreciated on a straight line basis over the estimated useful life determined by the management (which is in line with the rates indicated under Schedule II to the Companies Act, 2013) as mentioned below:

# Asset Type Estimated Asset Useful Life (in months)

| Computers              | 36      |
|------------------------|---------|
| Office Equipment       | 60 - 84 |
| Servers and networks   | 60 - 84 |
| Furniture and Fixtures | 84      |
| Vehicles               | 60      |
|                        |         |

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate

Leasehold improvements are amortised over the shorter of estimated useful life or the period of lease.

Gains and losses on disposals are determined by comparing proceeds with the carrying amount. These are included in Statement of Profit and Loss within other income/ (expenses).

#### Intangible assets

Intangible Assets are stated at their original cost of acquisition. Intangible assets are amortised on a straight line basis over there estimated useful lives determined by the management (which is same as the rates prescribed under Schedule II to the Companies Act, 2013) as mentioned below:

Asset Type <u>Estimated Asset Useful Life (in months)</u>
Computer Software 36

Transition to Ind AS

On transition date to Ind AS, the Company has elected to continue with carrying value of all of intangible assets as at April 01, 2017 measured as per previous GAAP and considers the carrying value as the deemed cost of Intangible assets.

#### (iv) Financial Instruments

(a) Initial Recognition and classification

Financial assets and liabilities, with the exception of loans, debt securities, deposits and borrowings are initially recognised on the trade date, i.e., the date that the Company becomes a party to the contractual provisions of the instrument. This includes regular way trades: purchases or sales of financial assets that require delivery of assets within the time frame generally established by regulation or convention in the market place. The entity recognises debt securities, deposits and borrowings when funds are transferred or received.

The Company initially measures a financial asset at its fair value plus, in the case of a financial asset not at fair value through profit or loss, transaction costs that are directly attributable to the acquisition of the financial asset. Transaction costs of the financial assets carried at fair value through profit or loss are expensed in profit or loss. Trade receivables are measured at the transaction price.

#### NOTES TO THE FINANCIAL STATEMENTS

(Amounts in lakhs of Indian Rupees, unless otherwise stated)

The Company classifies its financial assets in the following measurement categories:

- those to be measured subsequently at fair value (either through Other Comprehensive Income, or through Profit or Loss); and
- those measured at amortised cost

The classification depends on the Company's business model for managing the financial assets and the contractual terms of the cash flows. For assets measured at fair value, gains and losses will either be recorded in the Statement of Profit and Loss or Other Comprehensive Income. For investments in equity instruments this will depend on whether the Company has made any irrevocable election at the time of initial recognition to account for equity investment at fair value through Other Comprehensive Income.

The entity classifies and measures its derivatives and trading portfolio at FVTPL.

Financial liabilities are recognised initially at fair value. Subsequently, these are measured at amortised cost using the effective interest rate method. The Company's financial liabilities include trade payables and other payables.

#### (b) Derecognition

A financial asset is derecognised only when

- the Company has transferred the rights to receive cash flows from financial asset; or
- retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients.

#### (v) Financial Assets and Liabilities

#### a) Bank balances, Loans, Trade receivables and financial investments at amortised cost

The entity measures Bank balances, Loans, Trade receivables and certain financial investments at amortised cost if both of the following conditions are met:

- The financial asset is held within a business model with the objective to hold financial assets in order to collect contractual cash flows
- The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

#### **Business Model Assessment**

The entity determines its business model at the level that best reflects how it manages groups of financial assets to achieve its business objective. The entity's business model is assessed on an instrument-by-instrument basis. The business model assessment is based on reasonably expected scenarios without taking 'worst case' or 'stress case' scenarios into account.

#### **SPPI Test**

As a second step of its classification process the entity assesses the contractual terms of financial to identify whether they meet the SPPI test. 'Principal' for the purpose of this test is defined as the fair value of the financial asset at initial recognition and may change over the life of the financial asset. The most significant elements of interest within a lending arrangement are typically the consideration for the time value of money and credit risk.

In contrast, contractual terms that introduce a more than *de minimis* exposure to risks or volatility in the contractual cash flows that are unrelated to a basic lending arrangement do not give rise to contractual cash flows that are solely payments of principal and interest on the amount outstanding. In such cases, the financial asset is required to be measured at FVTPL.

#### (b) Financial assets or financial liabilities held for trading

Financial assets not measured at amortised are mandatorily measured at fair value through profit or loss. Such financial assets are initially measured at fair value and subsequently at fair value through profit or loss, with gains or losses recognised in net gains on financial instruments measured at fair value.

#### NOTES TO THE FINANCIAL STATEMENTS

(Amounts in lakhs of Indian Rupees, unless otherwise stated)

#### (c) Debt Securities

The Company has issued convertible debentures which are convertible any time at the option of the holder or compulsorily on maturity. When establishing the accounting treatment for these instruments, the Company first establishes whether the instrument is a compound instrument and classifies such instrument's component separately as financial liability or equity component in accordance with Ind AS 32. Classification of liability and equity component of Compulsarily Convertible debentures (CCD) is not revised as a result of a change in the time at which the option would be exercised. When allocating the initial carrying amount of a compound financial instrument to the equity and liability components, the equity component is assigned as the residual amount after deducting the entire net present value of the instrument, the amount separately determined for liability component. After initial measurement, debt issued are subsequently measured at amortised cost. Equity Component is not remeasured after initial recognition. Net present value of the liability component is arrived using a discounting factor which is equivalent to the coupon attached to the compound financial instrument.

(d) The entity has invested in government bonds. In Balance Sheet these are classified as 'Investments' and recorded at fair value. Interest income on investments is recorded as 'Interest Income' in the statement of profit and loss. Changes in fair value of such assets and liabilities are classified as 'net gain/loss on fair value changes' in the statement of profit and loss. Market value of securities are based on price / yield declared by Financial Benchmarks India Pvt. Ltd. (FBIL) and are adjusted for appropriate illiquidity discount, if any. In addition, for illiquid State Development Loans (SDLs) where FBIL publishes a theoretical price, an additional liquidity reserve is taken (calculated as the difference between the yield of a comparable traded security and the FBIL theoretical yield). In case of Indexed Inflation Bonds (IIBs), the cost and market value shall be further adjusted based on the 'Inflation Index Ratio' published by FBIL.

#### (vi) Reclassification of financial assets and liabilities

The Company does not reclassify its financial assets subsequent to their initial recognition, apart from the exceptional circumstances in which the Company acquires, disposes of, or terminates a business line. Financial liabilities are never reclassified. The Company did not reclassify any of its financial assets or liabilities.

#### (vii) Impairment of financial assets (ECL Principle)

The entity assesses on a forward-looking basis the ECL associated with financial assets measured at amortised cost. The measurement of ECL reflects an unbiased and probability weighted amount that is determined by evaluating a range of possible outcomes, the time value of money, and reasonable and supportable information that is available without undue cost or effort at the reporting date about past events, current conditions and forecasts of future economic conditions. ECL are recorded in impairments on financial assets.

The entity's impairment model is based on changes in credit quality since initial recognition of the relevant assets and incorporates the following three stages:

- Stage 1. Financial assets measured at amortised cost that are not credit-impaired on initial recognition and there has been no significant increase in credit risk since initiation. The ECL is measured at an amount equal to the expected credit losses that result from default events possible within the next twelve months.
- Stage 2. Financial assets measured at amortised cost where there has been a significant increase in credit risk since initiation, however not yet deemed to be credit-impaired. The ECL is measured based on expected credit losses on a lifetime basis.
- Stage 3. Financial assets measured at amortised cost that are in default, or are defined as credit-impaired. The ECL is measured based on expected credit losses on a lifetime basis.

Determination of the relevant staging for each financial instrument is dependent on the definition of 'significant increase in credit risk' (stage 1 to stage 2) and the definition of 'credit-impaired' (stage 2 to stage 3). The entity considers a financial instrument to have experienced a significant increase in credit risk when certain quantitative or qualitative conditions are met. Quantitative thresholds include absolute probability of default thresholds on investment-grade financial assets and relative probability of default thresholds on non-investment grade financial assets. Qualitative review is also performed as part of the entity's credit risk management process, including a back-stop consideration of 30 days past due. The entity considers a financial instrument to be credit-impaired when it meets Credit Risk Management's definition of default, which is either when the bank considers that the obligor is unlikely to pay its credit obligations to the bank in full, without recourse by the bank to actions such as realising security (if held), or the obligor has defaulted on a payment and/or is past due more than 90 days.

#### NOTES TO THE FINANCIAL STATEMENTS

(Amounts in lakhs of Indian Rupees, unless otherwise stated)

The ECL is determined by projecting the Probability of Default (PD), Loss Given Default (LGD) and Exposure at Default (EAD) for each individual exposure. To calculate expected credit losses these three components are multiplied together and discounted back to the reporting date. The discount rate used in the ECL calculation is the original effective interest rate.

The PD represents the likelihood of a borrower defaulting on its financial obligation. The EAD is the amount the bank expects to be owed at the time the financial obligation defaults. The LGD is the entity's expectation of the extent of loss on the default exposure, and takes into consideration amongst other things, collateral on the financial instrument. The entity uses internal credit risk ratings that reflect the assessment of the probability of default of individual counterparties. The entity uses multiple macroeconomic scenarios within the ECL calculation, the weightings for which are subject to ongoing internal review and approval. Forward-looking information, such as key economic variables impacting credit risk and expected credit losses, is incorporated into both the assessment of staging and the calculation of ECL. Economic variables have been forecasted using internally generated projections to provide an estimated view of the economy over the next nine quarters. After nine quarters a mean reversion approach has been used, which means that economic variables tend to either a long run average rate or a long run growth rate.

The entity writes off financial assets, in whole or in part, when it has concluded that there is no reasonable expectation of recovery. When a financial asset is deemed to be uncollectable, the entity concludes this to be an indicator that there is no reasonable expectation of recovery. The entity still seeks to recover amounts it is legally owed in full, but which have been wholly or partially written off due to no reasonable expectation of full recovery.

#### Trade Receivables

The Company follows 'simplified approach' for recognition of impairment loss allowance on trade receivables. The application of simplified approach does not require the Company to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition.

However, the trade receivables of the Company only include receivables from related party on which the credit risk is negligible. Thus no ECL is created on Trade Receivables.

#### Collateral valuation

To mitigate its credit risks on financial assets, the entity seeks to use collateral, where possible. Collateral, unless repossessed, is not recorded on the entity's balance sheet. However, the fair value of collateral affects the calculation of ECLs. It is generally assessed, at a minimum, at inception and re-assessed on a periodic basis.

Details of the impact of the entity's various credit enhancements are disclosed in Note 35. To the extent possible, the entity uses active market data for valuing financial assets held as collateral. Other financial assets which do not have readily determinable market values are valued using models.

#### (viii) Revenue Recognition

#### Interest Income:

Interest income is recognised using effective interest rate method Refer Note 2(ix) for Effective interest rate method

#### Fee Income

Fee income is recognized when performance under a contract is completed and no significant uncertainty exists regarding the amount of consideration to be received.

#### Service Income:

Revenue from services is recognised on an accrual basis, on a cost plus model, based on services rendered as per terms of the agreement between the Company and other Goldman Sachs Group entities and a binding obligation to receive income has arisen. Revenue is measured at the fair value of the consideration received or receivable.

Revenue in excess of billings on service contracts is recorded as unbilled receivables and is included in Other Financial Assets

#### NOTES TO THE FINANCIAL STATEMENTS

(Amounts in lakhs of Indian Rupees, unless otherwise stated)

#### (ix) Effective interest rate method

Interest income is recorded using the effective interest rate (EIR) method for all financial instruments measured at amortised cost, debt instrument measured at FVOCI and debt instruments designated at FVTPL. The EIR is the rate that exactly discounts estimated future cash receipts through the expected life of the financial instrument or, when appropriate, a shorter period, on the net carrying amount of the financial asset.

The EIR (and therefore, the amortised cost of the asset) is calculated by taking into account any discount or premium on acquisition, that are an integral part of the EIR. The Group recognises interest income using a rate of return that represents the best estimate of a constant rate of return over the expected life of the loan. Hence, it recognises the effect of potentially different interest rates charged at various stages, and other characteristics of the product life cycle (including prepayments, penalty interest and charges).

#### (x) Foreign Currency Transactions

#### a) Functional and presentation currency

Items included in the financial statements are measured using the currency of the primary economic environment in which the entity operates ("the functional currency"). The financial statements are presented in Indian rupee (INR), which is the Company's functional and presentation currency.

#### b) Foreign currency transactions and balances

#### Initial Recognition

On initial recognition, all foreign currency transactions are recorded by applying to the foreign currency amount the exchange rate between the reporting currency and the foreign currency at the date of the transaction.

#### Subsequent Recognition

As at the reporting date, non monetary items which are carried in terms of historical cost denominated in a foreign currency are reported using the exchange rate at the date of the transaction.

All monetary assets and liabilities denominated in foreign currency are restated at the rate prevailing at the end of reporting period and exchange gains/ losses arising there from are adjusted to the Statement of Profit and Loss.

Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation of monetary assets and liabilities denominated in foreign currencies at the year end exchange rates are generally recognised in the Statement of Profit and Loss.

#### (xi) Employee Benefits

#### a) Post employment benefits

#### **Defined Contribution Plan**

The Company has defined contribution plan for post employment benefits in the form of provident fund for the employees. Under the provident fund plan, the Company contributes to a Government administered Employees' Provident Fund and Employees's Pension Fund on behalf of its employees. The Company has no further obligations beyond making the contributions. The Company's contributions to the above plan are charged to the Statement of Profit and Loss.

#### Defined Benefit Plan

The Company has a defined benefit plan in the form of Gratuity. The liability recognised in the Balance Sheet in respect of gratuity plan is the present value of defined benefit obligation at the end of the reporting period less the fair value of plan assets. The defined benefit obligation is calculated annually by an independent actuary using projected unit credit method.

The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee benefit expense in the Statement of Profit and Loss.

Remeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in Other Comprehensive Income. They are included in Retained earnings in the Statement of Changes in Equity and in the Balance Sheet.

The present value of defined benefit obligation is determined by discounting the estimated future cash flows by reference to market yields at the end of the reporting period on government bonds that have terms approximating the term of the related obligation.

Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments are recognised immediately in the Statement of Profit and Loss as past service cost.

#### b) Other employee benefits

Other employee benefits are accounted for on accrual basis. Short term employee benefits are recognised on an undiscounted basis whereas long term employee benefits are recognised on a discounted basis.

#### NOTES TO THE FINANCIAL STATEMENTS

(Amounts in lakhs of Indian Rupees, unless otherwise stated)

#### c) Bonus plan

The Company recognises a provision for bonus where contractually obliged or where there is past practice that has created a constructive obligation.

#### d) Other Long Term Employee Benefits:

Liability towards leave encashment and compensated absences are recognised at the present value based on a valuation carried out by an independent actuary using projected unit credit method.

#### e) Termination benefits

Termination benefits are payable when employment is terminated by the Company before the normal retirement date or when an employee accepts voluntary redundancy in exchange for these benefits. Termination benefits are recognised as an expense as and when incurred.

#### f) Share based payment

Employee costs include the cost of restrictive stock unit ('RSU') and stock options plan (Options) under the Goldman Sachs Group Inc. Amended and Restated Stock Incentive Plan, which is being charged to the Statement of Profit and Loss over the period of vesting as outlined in the applicable RSU/ Options agreements.

The ultimate holding Company issues awards in the form of RSUs and options to the Company's employees for services rendered to the Company. Awards are classified as equity settled and hence the cost of share-based transactions with employees is measured based on the grant-date fair value of the award. Share-based awards that do not require future service (i.e., vested awards, including awards granted to retirement eligible employees) are expensed immediately. Share-based awards that require future service are amortised over the relevant service period. Expected forfeitures are included in determining share-based employee compensation expense.

The ultimate holding Company settles equity awards through the delivery of its ordinary shares. It pays cash dividend equivalents on outstanding RSUs. The Company has also entered into a chargeback agreement with the ultimate holding Company under which it is committed to pay to the ultimate holding Company the grant-date fair value as well as subsequent movements in fair value of those awards to the ultimate holding Company at the time of delivery to its employees.

#### (xii) Taxes on Income

Deferred tax is recognised using the balance sheet approach on temporary differences between the tax base of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

Deferred tax assets are recognised and carried forward only to the extent that there is a reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realised. Deferred tax assets and liabilities are measured using the tax rates and tax laws that have been enacted or substantively enacted by the reporting date and are expected to apply when the deferred income tax asset is realised or the deferred income tax liability is settled. At each reporting date, the Company reassesses unrecognised deferred tax assets, if any.

Deferred tax assets and liabilities are offset when there is legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority. Current tax assets and liabilities are offset where the Company has a legally enforceable right to offset and intends either to settle on a net basis or the realise the asset and settle liability simultaneously.

Current and deferred tax is recognised in Statement of Profit and Loss, except to the extent that it relates to items recognised in Other Comprehensive Income or directly in Equity. In this case, the tax is also recognised in Other Comprehensive Income or directly in Equity, respectively.

#### (xiii) Earnings per share

Basic earnings per share is calculated by dividing the net profit or loss for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year. Earnings considered in ascertaining the Company's earnings per share is the net profit for the year after deducting preference dividends and any attributable tax thereto for the year, if applicable.

For the purpose of calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year is adjusted for the effects of all dilutive potential equity shares.

#### NOTES TO THE FINANCIAL STATEMENTS

(Amounts in lakhs of Indian Rupees, unless otherwise stated)

#### (xiv) Provisions and Contingent Liabilities

Provisions are recognised when the Company has a present obligation as a result of past events, for which it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate of the amount can be made. Provisions are reviewed regularly and are adjusted where necessary to reflect the current best estimates of the obligation. Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period. The discount rate used to determine the present value is a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The increase in provision due to passage of time is recognised as interest expense.

Loss contingencies arising from claims, litigations, assessments, fines, penalties etc are recorded when it is probable that a liability has been incurred and the amount can be reasonably estimated. Contingent Liabilities are disclosed when the Company has a possible obligation arising out of past events and the existence of the obligation is unconfirmed as at the Balance Sheet date or a present obligation arising from past events but which cannot be recognised because it is probable that no cash outflow will be required to settle the obligation or no reliable estimate of the obligation can be made.

#### (xv) Impairment of non financial assets

At each balance sheet date, the Company assesses whether there is any indication that an asset may be impaired. If any such indication exists, the Company estimates the recoverable amount. If the carrying amount of the asset exceeds its recoverable amount, an impairment loss is recognised in the Statement of Profit and Loss to the extent the carrying amount exceeds the recoverable amount. For the purpose of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash inflows which are largely independent of the cash inflows from other assets or group of assets (cash-generating units).

An impairment loss is reversed to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined if no impairment loss had previously been recognised.

#### (xvi) Cash and cash equivalents

Cash and cash equivalents includes cash in hand, demand deposits with banks and other short-term highly liquid investments which are readily convertible to known amounts of cash and are subject to an insignificant risk of change in value, with original maturity of three months or less.

#### (xvii) Segment reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker (CODM). The Board of Directors of the Company have been identified as the CODM. Refer note 31 on Segment information.

#### (xviii) Borrowing costs

Borrowing costs primarily include interest on amounts borrowed for the revenue operations of the Company. These are expensed to the Statement of Profit and Loss on an accrual basis.

NOTES TO THE FINANCIAL STATEMENTS (Amounts in lakhs of Indian Rupees, unless otherwise stated)

| Cash and cash equivalents   |            |                      |           | 2022                    | •        | 2021                   | _   |

#### Nature and purpose of Reserve

Statutory Reserve
As per Section 45-IC of the Reserve Bank of India Act, 1934, NBFCs are required to create a reserve fund and transfer therein a sum not less than twenty per cent of its net profit every year.

#### Securities Premium Reserve

Securities Premium Reserve is used to record the premium on issue of shares. The reserve can be utilised only for limited purposes such as issuance of bonus shares, writing off any preliminary expenses of the Company, to buy back its own shares in accordance with the provisions of the Companies Act, 2013.

Retained Earnings
Retained Earning represent the amount of undistributed accumulated earnings of the Company.

The Company has issued Compulsorily Convertible debentures of Rs. 113,500. The value for debentures have been recognised in accordance with Ind AS 109 into Equity and Liability Components. The liability component has been recognised in Financial Liabilities as Debt Securities and Equity Component is Recognised in Other Equity.

#### NOTES TO THE FINANCIAL STATEMENTS

(Amounts in lakhs of Indian Rupees, unless otherwise stated)

#### 30 Contingent Liabilities

| Particulars    | As at March 31, 2022 | As at March 31, 2021* |
|----------------|----------------------|-----------------------|
|                | <del></del>          |                       |
| Tax Assessment | 264                  | 218                   |

A description of the nature of contingent liability is given below

For FY 2014-15, the AO has made a disallowance of Rs 410 on account of non-deduction of tax at source on the cost reimbursed to its group entities. The said addition has resulted in a demand of Rs 178. The company has filed an appeal before the CIT (A) against the order of the AO and the CIT (A) has granted relief on addition of Rs 393 and an order giving effect has been passed reducing the tax demand to Rs 6. The company has filed an appeal with the ITAT against the order passed by the CIT(A) on 24 May 2019 on upholding the addition of Rs 17. A stay application has been filed with the AO to keep the demand of Rs. 6 in abeyance pending the disposal of the matter by ITAT. Further, the tax department have appealed to the ITAT against the grounds ruled in favour of GSIFPL by CIT(A). Assessee appeal and revenue appeal to the ITAT has been heard and the order is awaited.

For FY 2015-16, the AO has made a disallowance of Rs 229[CS1] on account of non-deduction of tax at source on the cost reimbursed to its group entities. A notice of demand of Rs 44 has been issued to the company. However, there are certain mistakes apparent from record, pursuant to the rectification the demand should stand reduced to Rs 29. The company has filed an appeal before the CIT (A) against the order of the AO which is currently pending adjudication. A stay application has been filed with the AO to keep the entire demand in abeyance pending the disposal of the matter by CIT (A).

For FY 2016-17, the AO has made additions aggregating to Rs 341 on account of disallowance of occupancy expense (Rs 11), disallowance for non-deduction of tax of INR 1 and ESOP expense (Rs 329). A notice of demand of Rs 165 has been issued to the company. However, there are certain mistakes apparent from record, pursuant to the rectification the demand should stand reduced to Rs 164. The company has filed an appeal before the CIT (A) against the disallowance of occupancy expenses and ESOP expenses which is currently pending adjudication. A stay application has been filed with the AO to keep the entire demand in abeyance pending the disposal of the matter by CIT (A).

For FY 2017-18, the AO has made additions aggregating to Rs 227 on account of disallowance of occupancy expense (Rs 35) and ESOP expense (Rs 192). A notice of demand of Rs 65 has been issued to the company. The company has filed an appeal before the CIT (A) against the order of the AO which is currently pending adjudication. A stay application has been filed with the AO to keep the entire demand in abeyance pending the disposal of the matter by CIT(A).

### 31 Segment Reporting

The Company is organised into two major businesses. These businesses are segmented based on the services rendered and the nature of revenue

- (i) Lending and Investing: The Company is a non-banking finance Company registered with the Reserve Bank of India and is engaged in the business of lending and investments.
- (ii) Services Services rendered as per the terms of the agreement between the Company and other Goldman Sachs Group entities, revenue being recognised on a cost plus model.

## 32 Stock Incentive Plans

## **Employee Incentive Plans**

The cost of employee services received in exchange for a share-based award is generally measured based on the grant date fair value of the award. Share-based awards that do not require future service (i.e., vested awards, including awards granted to retirement-eligible employees) are expensed immediately. Share-based awards that require future service are amortized over the relevant service period. Forfeitures are recorded when they occur. Cash dividend equivalents are paid on outstanding restricted stock units (RSUs).

### Stock Incentive Plan

The Company's ultimate holding company, The Goldman Sachs Group Inc. ("Group Inc."), sponsors a stock incentive plan, The Goldman Sachs Amended and Restated Stock Incentive Plan (2021) (2021 SIP), which provides for grants of RSUs, restricted stock, dividend equivalent rights, incentive stock options, nonqualified stock options, stock appreciation rights, and other share-based awards, each of which may be subject to terms and conditions, including performance or market conditions. On April 29, 2021, Group Inc.'s shareholders approved the 2021 SIP. The 2021 SIP is a successor to several predecessor stock incentive plans, the first of which was adopted on April 30, 1999, and each of which was approved by Group Inc.'s shareholders. The 2021 SIP is scheduled to terminate on the date of Group Inc.'s annual meeting of shareholders that occurs in 2025

### **Restricted Stock Units**

During the year, Group Inc. grants RSUs to employees, which are generally valued based on the closing price of the underlying shares on the date of grant after taking into account a liquidity discount for any applicable post-vesting and delivery transfer restrictions. The value of equity awards also considers the impact of material non-public information, if any, that Group Inc. expects to make available shortly following grant. RSUs generally vest and underlying shares of common stock deliver (net of required withholding tax) as outlined in the applicable award agreements. Award agreements generally provide that vesting is accelerated in certain circumstances, such as on retirement, death, disability and, in certain cases, conflicted employment. Delivery of the underlying shares of common stock is conditioned on the grantees satisfying certain vesting and other requirements outlined in the award agreements. RSUs generally vest and deliver over a three-year period. The subsequent amortization of the cost of these RSUs is allocated to the firm by Group Inc.

The activity related to restricted stock units, net of the effect of employee transfers, is set forth below:

<sup>•</sup> The weighted average grant-date fair value of RSUs granted during the period ending March 2022 was \$326.82. The fair value of the RSUs granted during the period ending March 2022 includes a liquidity discount of 5.90% to reflect post-vesting and delivery transfer restrictions, generally of up to 4 years.

Note: Since the plans are maintained by the Ultimate Parent Company, The Goldman Sachs Group Inc., the exercise prices and values of RSU's and Options for each of the above plans are given in US\$.

The aggregate fair value of awards that vested during the period ending March 2022 was \$473,164

## NOTES TO THE FINANCIAL STATEMENTS

| (viii) | Sensitivity Analysis - Defined Benefit Obligation Discount rate  |                              |                              |
|        | a. Discount rate - 100 basis points b. Discount rate + 100 basis points Salary increase rate   | 50<br>44                     | 45<br>39                     |
|        | a. Rate - 100 basis points b. Rate + 100 basis points Attrition Rate a. Rate - 100 basis points  | 46<br>47<br>-                | 41<br>42<br>-                |
|        | b. Rate + 100 basis points   | -                            | -                            |

The above sensitivity analysis is based on change in an assumption while holding all other assumptions constant. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions, the same method has been applied as when calculating the defined benefit liability recognised in the Balance Sheet.

The methods and types of assumptions used in preparing the sensitivity analysis did not change compared to the prior period.

#### NOTES TO THE FINANCIAL STATEMENTS

(Amounts in lakhs of Indian Rupees, unless otherwise stated)

#### 35 Financial Risk Management

This note explains the entity's exposure to financial risks and how these risks could affect the entity's future financial performance. Current year profit and loss information has been included where relevant to add further context

The below note explains the source of risk which the Company is exposed to and how the Company manages the risk in financial statements.

| Risk                                   | Exposure arising from  | Measurement                                 | Management  |
|--|--|---|---|
| Credit Risk                            | amortised cost and<br>fair value through<br>profit and loss                                | Credit Ratings, expected credit loss models | There is a risk management committee which monitors all kinds of risk including credit risk. There is adequate security cover for all the loans and investment positions. |
| Liquidity risk                         | Borrowings and other liabilities   |   | Availability of CCD Borrowing from parent/group Entities. Regular assessment of liquidity risk by the Risk Management Committee.  |

| Market risk -Foreign Currency exchange | Recognised financial<br>assets and liabilities<br>not denominated in<br>Indian Rupee (INR) | Sensitivity analysis                        | Foreign currency exposure is unhedged at entity's level. However the exposure is hedged at group's level.   |

The entity seeks to monitor and control its risk exposure through a risk and control framework encompassing a variety of separate, but complementary, financial, credit, operational, compliance, legal reporting systems, internal controls, management review processes and other mechanisms. In addition, a number of global, regional and entity committees are responsible for monitoring risk exposures and for general oversight of the entity's risk management process ("Risk Committees"). These committees meet regularly and consist of senior members of both the revenue-producing units and departments that are independent of the revenue-producing units. In addition to these committees, functions that are independent of the revenue-producing units, such as Compliance, Finance, Risk, Legal, Internal Audit and Operations, perform risk management functions, which include monitoring, and evaluating risk.

### 1. Credit Risk

Credit risk represents the potential for loss due to the default or deterioration in credit quality of a counterparty (e.g., an OTC derivatives counterparty or a borrower) or an issuer of securities or other instruments the entity holds. The entity's exposure to credit risk comes mostly from lending and investing activities. Credit risk also comes from cash and deposits placed with banks, and trade receivables

Credit Risk Management, which is independent of the revenue-producing units and reports to entity's chief risk officer, has primary responsibility for assessing, monitoring and managing entity's credit risk through oversight across the entity's global businesses. The entity's framework for managing credit risk is consistent with the framework of GS group established by GS group's Risk Governance Committee.

## (i) Credit Risk Management Process

The process for managing credit risk includes:

- Collecting complete, accurate and timely information;
- Approving transactions and setting and communicating credit exposure limits;
- Monitoring compliance with established credit risk limits and reporting the entity's exposure;
- Assessing the likelihood that a counterparty will default on its payment obligations;
- Measuring the entity's current and potential credit exposure and losses resulting from counterparty default;
- Using credit risk mitigants, including collateral;
- Maximising recovery through active workout and restructuring of claims; and
- Proactive communication between the entity's revenue-producing units and independent risk oversight and control functions.

As part of the risk assessment process, Credit Risk Management performs credit reviews, which include initial and ongoing analyses of the entity's counterparties. A credit review is an independent analysis of the capacity and willingness of a counterparty to meet its financial obligations, resulting in an internal credit rating. The determination of internal credit ratings also incorporates assumptions with respect to the nature of and outlook for the counterparty's industry, and the economic environment. Senior personnel within Credit Risk Management, with expertise in specific industries, inspect and approve credit reviews and internal credit ratings.

The global credit risk management systems capture credit exposure to individual counterparties and on an aggregate basis to counterparties and their subsidiaries (economic groups). These systems also provide management with comprehensive information on aggregate credit risk by product, internal credit rating, industry, country and region.

## (ii) Credit Exposures

## Cash and cash balances/Other bank balances

Cash at bank and in hand include both current account balances and demand deposits with banks. To mitigate the risk of credit loss, the bank places substantially all of its deposits with highly-rated banks and central banks. Negligible credit risk is therefore concluded on cash and cash equivalent balances.

## Trade Receivables

The Company's customers include affiliate entities of the Goldman Sachs group. Given the fact they are with interCompany entities the ECL is expected to be negligible on these receivables. There is a small amount of fee receivable from third parties which are very short term in nature and therefore negligible credit risk is considered on the same.

## Receivables from fellow subsidiaries

Inter-Company receivables arise as a result of various revenue sharing agreements, cost allocation agreements or transfer pricing policies between GS entities on which the entity does not expect significant credit losses to arise over the life of the assets. Accordingly, the Company has not provided for any expected credit loss.

## Financial Instruments Owned

The investments of the entity include Non Convertible Debentures held at amortised cost which are subject to the expected credit losses and included in the gross exposure of the entity. The risk is measured by assigning internal credit rating to the financial instrument and providing a 12 month expected credit loss or lifetime expected credit loss accordingly.

The credit rating assigned and the expected credit loss derived are given in detail below

## NOTES TO THE FINANCIAL STATEMENTS

(Amounts in lakhs of Indian Rupees, unless otherwise stated)

## Financial Risk Management (continued):-

## (iii) Financial instruments subject to Impairment

The following tables contains an analysis of the credit risk exposure of financial instruments subject to impairment and is grouped by credit rating equivalent (internally determined public rating agency equivalents). The gross carrying amount of financial assets below also represents the entity's maximum exposure to credit risk on these assets.

## As at March 31, 2022

|  | Particulars  | Asset Groun                   |   | Equivalent |        |     | expected | Carrying amount net of impairment provision] |
|--|--|-------------------------------|---|------------|--------|-----|----------|--|

#### NOTES TO THE FINANCIAL STATEMENTS

(Amounts in lakhs of Indian Rupees, unless otherwise stated)

#### (v) Description of Collateral held as security and other credit enhancements

The Company generally ensures a security cover on the credit facilities extended to borrowers. During the year, security cover ranged between 157%-216% of the proposed facility amount. The Company periodically monitors the quality as well as the value of the security to meet the prescribed limits. The collateral held by the Company varies on case to case basis and includes:

i) First/Subservient charge on the Land and/or Building of the project or other projects

ii) First/Subservient charge on the fixed and current assets of the borrower

As at the reporting date, the ratio of value of the collateral held as security for the credit impaired financial assets to the exposure at default for these assets is assessed as Nil.

The collateral cover is calculated basis the latest available collateral value.

#### 2. Market Risk

Market risk is the risk of loss in the value of the entity's financial instruments due to changes in market conditions. The entity employs a variety of risk measures, each described in the respective sections below, to monitor market risk. Categories of market risk include the following:

• interest rate risk: results from exposures to changes in the level, slope and curvature of yield curves, the volatilities of interest rates and credit spreads;

Market Risk Management, which is independent of the revenue-producing units and reports to the Chief Risk Officer of the entity, has primary responsibility for assessing, monitoring and managing market risk. Risks are monitored and controlled through strong oversight and independent control and support functions across the global businesses. Managers in revenue-producing units and Market Risk Management discuss market information, positions and estimated risk and loss scenarios on an ongoing basis. Managers in revenue-producing units are accountable for managing risk within prescribed limits

The Entity manages market risk by diversifying exposures and controlling position sizes. This process includes:

- accurate and timely exposure information incorporating multiple risk metrics;
- · a dynamic limit setting framework; and
- constant communication amongst revenue-producing units, risk managers and senior management.

The entity's framework for managing market risk is consistent with, and part of, the GS group framework, and results are analysed by business and in aggregate, at both the GS Group and entity level.

Market Risk Management produces risk measures and monitors them against established market risk limits. These measures reflect an extensive range of scenarios and the results are aggregated at the product, business and entity levels.

A variety of risk measures are used to estimate the size of potential losses for both moderate and more extreme market moves over both short-term and long-term time horizons. Primary risk measures are Value-at-Risk ("VaR"), which is used for shorter-term periods. The risk reports detail key risks, drivers and changes for each business, and are distributed on periodic basis to senior management of both the revenue-producing units and independent control and support functions.

## Financial Risk Management (continued):-

## (i) Market risk- Trading

VaR

VaR is the potential loss in value due to adverse market movements over a defined time horizon with a specified confidence level. A one-day time horizon with a 95% confidence level is typically employed. The VaR model is a single model that captures risks including interest rates, currency rates and commodity prices. As such, VaR facilitates comparison across portfolios of different risk characteristics. VaR also captures the diversification of aggregated risk across the entity.

There are inherent limitations to VaR and therefore a variety of risk measures are used in the market risk management process. Inherent limitations to VaR include:

- VaR does not estimate potential losses over longer time horizons where moves may be extreme;
- $\bullet$  VaR does not take account of the relative liquidity of different risk positions; and
- previous moves in market risk factors may not produce accurate predictions of all future market moves.

When calculating VaR, historical simulations are used. VaR is calculated at a position level based on simultaneously shocking the relevant market risk factors for that position. A sample from 5 years of historical data is taken to generate the scenarios for the VaR calculation. The historical data is weighted so that the relative importance of the data reduces over time. This gives greater importance to more recent observations and reflects current asset volatilities, which improves the accuracy of our estimates of potential loss. As a result, even if positions included in VaR were unchanged, VaR would increase with increasing market volatility and vice versa.

Given its reliance on historical data, VaR is most effective in estimating risk exposures in markets in which there are no sudden fundamental changes or shifts in market conditions.

The VaR measure does not include:

- $\ensuremath{\bullet}$  positions that are best measured and monitored using sensitivity measures; and
- the impact of changes in counterparty and GS Group's own credit spreads on derivatives, as well as changes in GS Group's credit spreads on unsecured borrowings, which are designated at fair value through profit or loss.

The VaR model is applied consistently across GS Group, including the entity.

Total VaR for financial instruments of the Group at March 31, 2022 was Rs.14 lakhs (2021: Rs. 153 lakhs).

## NOTES TO THE FINANCIAL STATEMENTS

(Amounts in lakhs of Indian Rupees, unless otherwise stated)

## (ii) Market Risk - Non trading

## (a) Foreign currency risk

The Company's exchange risk arises from its foreign currency revenues and expenses. A small portion of the Company's revenues are in these foreign currencies, while a significant portion of its costs are in Indian rupees. As a result, if the value of the Indian rupee appreciates relative to these foreign currencies, the Company's revenues measured in rupees may decrease.

## Particulars of un-hedged foreign currency exposure as at the Balance Sheet date

The Company has not entered into any foreign currency forward contracts to hedge its risk associated with foreign currency fluctuations. Particulars of unhedged foreign currency exposures are as below:

| Particulars Of Unhedged Foreign Currency Exposures: | As at Ma    | arch 31, 2022                                       | As at M     | larch 31, 2021                                      |

## 3. Liquidity risk

Liquidity risk represents the risk that the Company will have insufficient liquid assets to meet its financial obligations as they fall due. The Company exercises prudent liquidity risk management by maintaining diverse funding sources including market borrowings and RBI borrowings. It has internal control processes and contigency plans for managing liquidity risk and it also has the ability to call additional funds from the Company's shareholder as and when required.

## 36 Capital

The Company maintains an actively managed capital base to cover risks inherent in the business and is meeting the capital adequacy requirements of the local banking supervisor, Reserve Bank of India (RBI) of India. The adequacy of the Company's capital is monitored using, among other measures, the regulations issued by RBI.

Entity has complied in full with all its externally imposed capital requirements over the reported period.

## Capital management

The primary objectives of the entity's capital management policy are to ensure that the Company complies with externally imposed capital requirements and maintains strong credit ratings and healthy capital ratios in order to support its business and to maximise shareholder value.

The entity manages its capital structure and makes adjustments to it according to changes in economic conditions and the risk characteristics of its activities. In order to maintain or adjust the capital structure, the entity may adjust the amount of dividend payment to shareholders, return capital to shareholders or issue capital securities. No changes have been made to the objectives, policies and processes from the previous years. However, they are under constant review by the Board.

## 37 Fair Value Measurement

## (i) Financial assets and liabilities by category

The financial instruments of the Company are initially recorded at fair value and subsequently measured at Fair value thorugh profit and loss/amortised cost.

The below table summarises particulars of financial instruments:

|  | As at M | March 31, 2022 | As at March 31, 2021 |                |  |
|--|---------|----------------|----------------------|----------------|--|
|  | FVTPL   | Amortised Cost | FVTPL                | Amortised Cost |  |
| Financial assets                         |         |                |                      |                |  |
| Cash & Cash equivalents                  | =       | 59,676         | -                    | 48,311         |  |
| Bank Balances other than (a) above       | -       | 16,159         | -                    | 25,140         |  |
| Trade receivables                        | -       | 400            | -                    | 19             |  |
| Loans                                    | 12,620  | 27,941         | 15,139               | 30,833         |  |
| Investments                              | 513     | 35,097         | -                    | 45,032         |  |
| Other financial assets (to be specified) | -       | 1,050          | -                    | 1,220          |  |
| Total                                    | 13,133  | 140,323        | 15,139               | 150,555        |  |
| Financial liabilities                    |         |                |                      |                |  |
| Debt Securities                          | -       | 99,921         | -                    | 98,188         |  |
| Other financial liabilities              | -       | 1,782          | -                    | 2,242          |  |
| Total                                    |         | 101.703        | _                    | 100.430        |  |

The Company has not classified any financial asset or financial liability as measured at fair value through Other Comprehensive Income (FVTOCI).

## (ii) Fair value hierarchy

The following table presents the fair value measurement hierarchy of financial assets and liabilities measured at fair value on recurring basis into three levels prescribed under Ind AS 113 as at March 31, 2022 and March 31, 2021

| Particulars  | As at          | As at<br>March 31, 2021 |  |
|--|----------------|-------------------------|--|
|  | March 31, 2022 |                         |  |
| Financial assets measured at fair value using:   |                |                         |  |
| Level 1 - Quoted prices (unadjusted) in active markets for identical assets or liabilities   | 513            | -                       |  |
| Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices)  - Investments | _              |                         |  |
| - Investments<br>- Loans   | -<br>-         |                         |  |
| - Luans Level 3 - Inputs for the assets or liabilities that are not based on observable market data (unobservable inputs)  |                |                         |  |
| - Investments  | -              | -                       |  |
| - Loans  | 12,620         | 15,139                  |  |
| Total  | 13,133         | 15,139                  |  |
| Financial liabilities measured at fair value using:  |                |                         |  |
| Level 1 - Quoted prices (unadjusted) in active markets for identical assets or liabilities   | -              | -                       |  |
| Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices)                | -              | -                       |  |
| Level 3 - Inputs for the assets or liabilities that are not based on observable market data (unobservable inputs)  | -              | -                       |  |
| Total  | -              | -                       |  |

The fair value of financial instruments traded in active markets is based on quoted market prices at the balance sheet date. A market is regarded as active if quoted prices are readily and regularly available from an exchange, dealer, broker, industry entity, pricing service, or regulatory agency, and those prices represent actual and regularly occurring market transactions on an arm's length basis. The quoted market price used for financial assets held by the entity is the current bid price. These instruments are included in level 1.

The fair value of financial instruments that are not traded in an active market (for example, OTC derivatives) is determined by using valuation techniques. These valuation techniques maximise the use of observable market data where it is available and rely as little as possible on entity specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3.

### NOTES TO THE FINANCIAL STATEMENTS

(Amounts in lakhs of Indian Rupees, unless otherwise stated)

## Fair Value Measurement (continued):-

#### (iii) Valuation Techniques and Significant Inputs

#### Corporate Loans and investments

Level 3 financial instruments have one or more significant valuation inputs that are not observable. Absent evidence to the contrary, level 3 financial instruments are initially valued at transaction price, which is considered to be the best initial estimate of fair value. Subsequently, the entity uses other methodologies to determine fair value, which vary based on the type of instrument. Valuation inputs and assumptions are changed when corroborated by substantive observable evidence, including values realised on sales of financial assets.

Valuation techniques of level 3 financial instruments vary by instrument, but are generally based on discounted financial flow techniques. The valuation techniques and the nature of significant inputs used to determine the fair values of each type of level 3 financial instrument are described below.

Significant inputs are generally determined based on relative value analyses and include:

- · Market yields implied by transactions of similar or related assets;
- Current performance of the borrower or loan collateral and recovery assumptions if a default occurs; and
- Timing of expected future cash flows (duration) which, in certain cases, may incorporate the impact of other unobservable inputs (e.g., prepayment speeds).

### (iv) Significant Unobservable Inputs Used in Level 3 Fair Value Measurements

The Entity has level 3 Corporate Loans and Debt securities assets. The table below presents the amount of level 3 Corporate loans and debt security assets, and ranges and weighted averages of significant unobservable inputs used to value the entity's level 3 loans and debt security assets.

|                        | As at          | As at          |  |
|------------------------|----------------|----------------|--|
|                        | March 31, 2022 | March 31, 2021 |  |
| Loans                  | 12,620         | 15,139         |  |
| Yield (Apr'21-Dec'21)  | 38%-59%        | 15%-34%        |  |
| Recovery Rate (Mar'22) | 42%            |                |  |
| Investments            | -              | =              |  |
| Yield                  | -              | -              |  |

#### In the table above:

- Ranges represent the significant unobservable inputs that were used in the valuation.
- Weighted averages are calculated by weighting each input by the relative fair value of the loans and investments
- The ranges and weighted averages of these inputs are not representative of the appropriate inputs to use when calculating the fair value of any one loan and Investment. For example, the highest yield for loans and investments is appropriate for valuing a specific loan or investment but may not be appropriate for valuing any other loan or investment. Accordingly, the ranges of inputs do not represent uncertainty in, or possible ranges of, fair value measurements of the entity's level 3 loans and investments.
- Increases in yield or duration used in the valuation of the entity's level 3 loans and investments would result in a lower fair value measurement.
- · Loans and investments are valued using discounted cash flows.
- The fair value of any one instrument may be determined using multiple valuation techniques. For example, market comparable and discounted cash flows may be used together to determine fair value. Therefore, the level 3 balance encompasses both of these techniques.

## (v) Level 3 Roll forward

The table below presents a summary of the changes in fair value for all level 3 financial assets and financial liabilities measured at fair value on a recurring basis. Gains and losses arising on level 3 assets are recognised within net gains on financial instruments at fair value in the profit and loss account.

|   | Loans   |          | Total    |
|---|---------|----------|----------|
| As at April 01, 2020  | 10,381  | 13,421   | 23,802   |
| Net interest income, net trading income and other income                      | 2,907   | -        | 2,907    |
| Unrealised gains and losses related to balances held at the end of the period | (1,470) | -        | (1,470)  |
| Purchases, issuances and settlements  | (2,029) | (13,421) | (15,450) |
| Transfers into/ (onto) of level 3   | 5,349   |          | 5,349    |
| As at March 31, 2021  | 15,139  | <u> </u> | 15,139   |
| Net interest income, net trading income and other income                      | 2,684   |          | 2,684    |
| Unrealised gains and losses related to balances held at the end of the period | -       | -        | =        |
| Purchases, issuances and settlements  | (5,203) | -        | (5,203)  |
| Transfers into/ (onto) of level 3   | =       | -        | =        |
| As at March 31, 2022  | 12,620  | -        | 12,620   |

## (vi) Fair value of financial instruments not measured at fair value

Fair value of financial instruments not measured at fair value is not separately stated availing exemption under IND AS 107 29(a) which provides exemption for such disclosures where the carrying amount approximates fair value.

### NOTES TO THE FINANCIAL STATEMENTS

(Amounts in lakhs of Indian Rupees, unless otherwise stated)

## 38 Dividend Paid and proposed

The final dividend proposed for the year is as follows:-

| ,   | As at March 31,<br>2022 | As at March 31,<br>2021 |
|---|-------------------------|-------------------------|
| On preference shares of Rs.10 each<br>Amount of dividend proposed | -<br>-                  |                         |
| Dividend per Preference Share                                     | -                       | -                       |

There are no arrears of dividends relating to preference shares.

## 39 Offsetting financial assets and financial liabilities

The Company does not have any financial instruments with offsetting rights.

## 40 Regulatory provision as per RBI Direction

The RBI conducted an inspection of the Company under Section 45N of the RBI Act, 1934 during the FY 2018-19. It issued its findings (Supervisory Concerns) vide letter 69/23.01.002/2019-20 dated July 10, 2019. Pursuant to the inspection RBI advised the Company to bring its Net NPA below 10% by September 30, 2019 and below 4% by December 2019. Thereafter pursuant to a letter dated July 18, 2019 from the Company to RBI for seeking exemption from the aforesaid requirement, RBI reverted with a letter dated September 26, 2019 advising the Company to keep adequate provision to bring NNPAs below regulatory ceiling of 4% and noted that provisioning to keep the regulatory ratios within stipulated limit "will automatically bring the company out of the PCA framework". The letter also advised the Company to have a board approved limit on the proportion of NPAs that can be acquired as a percentage of the assets on the date of acquisition of fresh NPAs. As a result, the Company created an additional provision on its NPA assets amounting to INR 10,702 lakhs in year 2019-20 solely for complying with the aforesaid condition and adopted a board approved limit on acquisition of fresh NPAs.

Further, on account of the stress in the financial environment due to the Covid, two of the borrower positions of the Company were classified as substandard during the year. In view of this asset downgrade, upon the first of the above referred positions being classified as substandard, the Company filed a letter with RBI on November 24, 2020 seeking an exemption from the 4% NNPA ratio requirement since the Company does not raise public funds in India or have any shareholders (retail or otherwise) in India. The Company continues to engage with RBI on this matter.

- (d) No. of complaints pending at the end of the year

### 46 Note on COVID-19

The World Health Organization announced a global health emergency because of a new strain of coronavirus ("COVID-19") and classified its outbreak as a pandemic on March 11, 2020. On March 24, 2020, the Indian government announced a strict 21-day lockdown across the country to contain the spread of the virus, which was further extended from time to time with certain modifications and relaxations. Certain state governments have also issued lockdown restrictions during this period. In order to ease the financial stress caused by COVID-19 pandemic, RBI had issued circulars ("RBI COVID Circulars") on March 27, April 17 and May 23, 2020 to commercial banks, India Financials Institutions and NBFCs.

Pursuant to the aforesaid, the Company had adopted a policy to govern the granting of (a) a moratorium in accordance with the above circulars to eligible borrowers on term loan 'instalments' (as defined in the RBI COVID Circulars) falling due for payment within the period commencing March 1, 2020 and ending August 31, 2020 (the "Moratorium Period"), to the extent such instalment had not already been paid by the Borrower. The moratorium applied to payment/repayment of (a) principal, whether amortized or bullet repayments, and (b) interest, falling due for payment during the Moratorium Period. For all such accounts where the moratorium was granted, the asset classification will remain standstill during the Moratorium Period (i.e. the number of days past due shall exclude the Moratorium Period for the purpose of asset classification as per the Company's policy).

RBI also issued a circular on August 06, 2020, to inter alia all commercial banks, all India Financial Institutions and all NBFCs on the "Resolution Framework for COVID-19-related Stress" ("Special Framework Circular") providing for a window under the RBI's (Prudential Framework on Resolution of Stressed Assets) Directions, 2019 dated June 07, 2019 ("Prudential Framework") to enable the lenders to implement a resolution plan in respect of eligible corporate exposures, while classifying such exposures as Standard, subject to specified conditions. Pursuant to above the Company adopted a "Special Framework Policy" for identifying the eligible corporate borrowers of the company and set out the steps for implementation of resolution plans under the Special Framework Circular.

Out of the four borrowers which availed Moratorium benefit, three of them have settled their deferred interest by May 2021 with minor delays in certain cases and one of the them was eligible for one-time restructuring under the Special Framework Policy. The Invocation for the same was done on December 03, 2020 and was due to be implemented by June 01, 2021. Whilst documentation was signed by June 01, 2021, the credit rating condition has not yet been fulfilled.

A second wave of the pandemic emerged towards the end of March 2021. In response, various state governments announced restrictions and lockdowns in order to contain its spread. The Company has certain portfolios that may face some head winds due to emerging economic conditions. Sectors like hotels, residential and commercial real estates, etc. where the Company has exposure, may have direct or indirect impact. However, the Company considers the current levels of provision for expected credit loss and other regulatory provisions to be adequate.

The Company continues to monitor the situation and impact on the future operations of the company depending on how the pandemic further develops

The management has made an assessment of the impact of COVID-19 on the Company's operations, financial performance and position as at and for the year ended March 31, 2021 and has concluded that there is no significant impact arising from this pandemic which is required to be recognized in the financial statements, apart from the aforementioned RBI Circulars the impact of which is already accounted for in the financial statements. Accordingly, no further adjustments have been made to the financial statements.

The extent to which the COVID-19 pandemic will further impact the Company's results going forward will be dependent on future developments, which are uncertain, including, among other things, the severity of future waves of the COVID-19 pandemic and any action to contain its spread or mitigate its impact whether government-mandated or elected by the Company. Given the uncertainty over the potential macro-economic condition, the impact of the global pandemic may be different from that estimated as at the date of approval of these financial statements and the Company will continue to closely monitor any material changes to future economic conditions.

## 47 Policy on Interest on Interest

In accordance with the RBI notification dated April 7, 2021, the Company was required to refund / adjust 'interest on interest' charged to borrowers. As required by the RBI notification, the methodology for calculation of such interest on interest was circulated by the Indian Banks' Association. The Company has framed a Board approved policy in this regard and as at March 31, 2021, the Company had estimated interest relief amount of Rs. 275 lakhs and created a liability/adjusted the accrued interest balances of borrowers. An amount of Rs. 108 has been refunded to the borrowers in the current year.

- 48 All amounts mentioned in these Notes are in lakhs of rupees except:
  - (i) Face value of equity shares in Note 20
  - (ii) Weighted average value, weighted average exercise price and Aggregate Intrinsic values of Restricted Stock Units in Note 33 which are stated in US Dollars, and
  - (iii) Basic and Diluted Earnings per share in the Statement of Profit and Loss and in Note 20

## 49 Proposed conversion of compulsorily convertible preference shares and compulsorily convertible debentures

In order to increase its Tier 1 capital and pursuant to receipt of requests from the holders of its existing Compulsorily Convertible Debentures ("CCDs") and 0.1% Non-Cumulative, Compulsorily Convertible Preference Shares ("CCPs") (jointly referred herein as "convertible instruments"), the Company had submitted an application dated February 17, 2022 to the Reserve Bank of India ("the RBI") to convert the aforesaid convertible instruments into equity shares. The Company is in receipt of RBI's approval letter dated June 1, 2022 for such conversion where by Goldman Sachs Strategic Holdings Pte. Ltd will acquire 28% stake in the Company computed on a fully diluted basis. As specified by the RBI, the Company is in the process of issuing a prior public notice pursuant to provisions of the Master Direction – Non-Banking Financial Company – Systemically Important Non-Deposit taking Company (Reserve Bank) Directions, 2016. The aforesaid approval is valid for a period of 6 months and the Company is in the process of carrying out the said conversion during the

For the year ended Mar 31, 2022

|         | Non-convertible debentures (original maturity of less |                         |                        |                   |
| 2       | than one year) (Note 4)                               | NA (Note 2)             | 0%                     | 0%                |
| 3       | Other short-term liabilities (Note 5)                 | NA (Note 2)             | 2%                     | 1%                |

## (vi) Institutional Setup for Liquidity Risk

Liquidity risk is the risk that we will be unable to fund the Company or meet its liquidity needs in the event of a firm-specific, broader industry, or market liquidity stress events. We have in place a comprehensive and conservative set of liquidity and funding policies. Our principal objective is to be able to fund the Company's core businesses to continue to serve clients and generate revenues, even under adverse circumstances.

The Board of Directors, both directly and through management committees, including our Risk Management Committee and Asset Liability Management Committee, oversees our liquidity risk management policies and practices. These management committees meet regularly (at least on a quarterly basis) and serve as an important means to facilitate and foster ongoing discussions to identify, manage and mitigate liquidity risks.

Corporate Treasury, which reports to the Chief Financial Officer of The Goldman Sachs Group Inc., has the primary responsibility for developing, managing and executing liquidity and funding strategy within our risk appetite.

Liquidity Risk, which is independent of our revenue producing units and Treasury, and reports to the Chief Risk Officer of The Goldman Sachs Group Inc., has primary responsibility for assessing, monitoring and managing our liquidity risk through firmwide oversight across our global businesses and the establishment of stress testing and limits frameworks.

The Company manages liquidity risk according to three principles: (i) hold sufficient excess liquidity to cover outflows during a stressed period, (ii) maintain appropriate asset-liability management and (iii) maintain a viable Contingency Funding Plan.

Note 1 The Company is a non deposit taking systemically important NBFC and hence it does not accept deposits

Note 2 The Company does not access public funds in India either directly or indirectly and does not issue guarantees

Note 3 Total liabilities excludes shareholder's funds including equity, CCPS and all reserves and surplus

Note 4 The Company has not issued any Commercial papers or Non-convertible debentures to raise funds

Note 5  $\,$  Short term liabilities are liabilities which are payable within a year from the reporting date
